## TEACHING

---

- Master thesis of Mriganka Nath  
*ClipTTT: CLIP-Guided Test-Time Training Helps LVLMS See Better* January 2026
- Master thesis of Luisa Danalachi  
*Incremental Domain Adaptation for Semantic Segmentation* December 2023
- Master thesis of Nikhil Paliwal  
*Unsupervised Domain Adaptation for Semantic Segmentation with Temporal Cues* September 2023
- Teaching Assistant at Saarland University  
*Image Processing and Computer Vision, Prof. Joachim Weickert* Summer 2020
- Teaching Assistant at IIIT Allahabad  
*Introduction to Programming, Prof. G C Nandi* Fall 2015

## ACADEMIC ACTIVITIES

---

- **Reviewer:** CVPR, ECCV, ICCV, NeurIPS, GCPR, TPAMI, IJCV, TMLR, IEEE-TCVST

## TALKS

---

- Multi-Image Reasoning with LVLMS, Google Research 2026 Munich, Germany
- Weakly Supervised Domain Adaptation, ICVSS 2023 Sicily, Italy
- Weakly Supervised Domain Adaptation, GCPR 2023 Heidelberg, Germany
- Urban Scene Semantic Segmentation with Coarse annotation, TRACE 2022 Leuven, Belgium
- Generalised Zero-shot Semantic Segmentation with superpixels, GCPR 21 Virtual

## SCHOLARSHIPS, ACHIEVEMENTS AND AWARDS

---

- Best Master Thesis Award in Germany, GCPR 21 2021
- Saarland Stipendium funded by DAAD for summer semester 2021
- Saarbrücken Graduate School of Computer Science Scholarship (< 3% applicants get selected) 2019
- Three Qualstars at Qualcomm India for different projects 2018
- Class rank 6th out of 185 students in bachelors in Information Technology at IIIT Allahabad 2018
- Institute Merit Scholarship at IIIT Allahabad (top 5% of the class) 2017
- 43rd rank in Asia at Worldquant Websim Challenge (Quant competition) 2014
- DST Inspire Scholarship awardee, 2012 for getting in top 1% in India in CBSE Board, 2012 2012
- Qualified for Indian National Mathematics Olympiad (INMO) 2011
